National Volunteer Week is April 16 - 21

It's National Volunteer Week, a time to recognize volunteers from all over the country who dedicate their time to a chosen cause that benefits their community. From developing strategy on our board to computer tutor assistants, CTN has had thousands of people help in some way over the years.

As part of our Digital Leaders Awards, we give a Changemaker Award each year that recognizes a volunteer who has made exceptional impact on digital inclusion. This year CTN would like to recognize Michael Wiggins with the award! **Read more about Michael on the CTN blog.**
