Austin Tech Teach-in: Creating Content with Accessibility in Mind

CTN works with a demographic that requires us to consider a variety of digital needs. For a staff member responsible for online marketing content as well as the delivery of training to learners, accessibility is a priority. [See how CTN staff and volunteers learned how to create accessible content on the CTN blog.](#)

October is National Cybersecurity Awareness Month

StaySafeOnline

Powered by: National Cyber Security Alliance

CTN supports Cybersecurity! Each and every one of us needs to do our part to make sure that our online lives are kept safe and secure. That's what National Cybersecurity Awareness Month (NCSAM) is all about! Led by the **National Cyber Security Alliance**, the goal is to make the United States public aware of cyber security issues and how to better protect themselves. This October is the 9th anniversary of the event.

You Helped Power Their Future!

Thanks to all who donated to CTN's Power Their Future campaign -- we raised \$4,000 during the month of September in support of broadband access and digital literacy training. The campaign is over but it's not too late to contribute!
