

COMMUNITY TECHNOLOGY **network news**

Transforming lives through digital literacy.

Become a Digital Inclusion Fellow!

Is there a digital divide in your neighborhood? Think you have the qualities to lead your community into a brighter digital future? If so, **submit an application to become a Digital Inclusion Fellow!**

CTN and the San Francisco Public Library were selected by NTEN to be City Host sites for their program now in its second year. We are recruiting two San Francisco residents to help build local capacity to deliver quality digital literacy training to

adults. This is a one-year, full-time, exempt position, based in San Francisco. Compensation is a \$45,000 stipend with full benefits. Applications close May 13.

Find out more and read the full job description!

Big News from NTC

CTN chief Kami Griffiths was honored at the Nonprofit Technology Conference last month!

She was presented with the Rob Stuart Memorial Award in recognition of CTN's achievements in disrupting the status quo with technology.

Read more about the NTC 2016 and other NTEN collaborations.

Getting Connected with Comcast

CTN is working with Comcast's "Internet Essentials" to bring low-cost internet and

digital literacy training to older adults throughout San Francisco. Since November, over 500 seniors have been connected.

Learn about how CTN can help you promote this opportunity and get seniors online!

Next Village Trainings

Earlier this year, CTN worked with Next Village to bring technology trainings to

seniors in Telegraph Hill. **Discover what our volunteers got up to at the personal devices**

CTN at Twitter's NeighborNest

Thanks to an exciting partnership with tech giant Twitter, low-income

families are getting the digital skills training they need to succeed with help from CTN. **Read about**
